

PD and Workshops by Visiting Teachers to Australia

The Association will host **ONLY** members of the Iyengar Family (Including Abhi) or someone directly put forward by the Iyengar family as a clear request from Pune, as an Association sponsored event.

For all other cases where an individual teacher or Iyengar school may wish to host a teacher from outside Australia, the Association will undertake to put all such events up on the “Workshops and Retreats” section of the website on receiving information from the hosting school.

Procedures for those intending to host a visiting teacher from outside Australia

1. If you are planning to host an overseas teacher, please notify the chair of the Teacher’s Committee (currently Robyn Adler) by sending an email to teachers@iyengaryoga.asn.au with information about the intended event. Please ensure that the teacher you intend to host is a current certified Iyengar yoga teacher with the appropriate level of certification for their workshop as the Association will list only Iyengar Yoga Teachers events.
2. Notification about the event with dates, venue and hosting school website link will be sent to all Senior teachers by the Webmaster, as a courtesy to keep the community informed. It is the hosting schools responsibility to advertise the event and to notify the Association for the event to be listed.
3. The webmaster will list the same relevant information on the Workshops and Retreats section of the Website for General Members and public information.

Thank you
